

Five commonly apps

William

commonly downloaded apps

I find the five commonly downloaded apps.

- 1:YouTube
- 2:Google Chrome
- 3:Gmail
- 4:Google Maps
- 5:Facebook

Those are based on the rankings in the Google Play Store, and I also have these five apps on my phone

YouTube

- YouTube is an American online video-sharing platform headquartered in San Bruno, California. The service, created in February 2005 by three former PayPal employees

Google Chrome

- Google Chrome is a fast, easy to use, and secure browser. Designed for Android, Chrome brings you personalized news articles, quick links to your favorite sites, downloads, and Google Search and Google Translate built-in. Fast and save data.

Gmail

- Gmail is a free email service developed by Google. Users can access Gmail on the web and using third-party programs that synchronize email content through POP or IMAP protocols

Gmail

Google Maps

- Google Maps is a web mapping service developed by Google. It offers satellite imagery, aerial photography, street maps, 360° panoramic views of streets, real-time traffic conditions, and route planning for traveling by foot, car, bicycle and air, or public transportation

• Facebook

Facebook is an International online social media and social networking service based in Menlo Park, California, and a flagship service of the namesake company Facebook, Inc.

Thank you

These are the five most common applications I found.
