<p>How does the artifact you selected demonstrate strengths & growth in the communication competency?</p> <p>In what ways might you further develop your communication competency?</p>	<p>Self-Reflection Describe how the artifact you selected shows your strengths & growth in specific core competencies. The prompt questions on the left - or other self-assessment activities you may have done - may guide your reflection process.</p> <p>My Descriptive paragraph and SWAY about me show that I am good in some of the areas of Critical Thinking, Creative Thinking and Communication and that I have improved in some of these areas. In my SWAY and paragraph I showed that I was to my surprise, I am good in the Communication category by being able to recount, explain, and reflect on the event I'm my projects. I also found that I improved in the acquire, interpret and present information category of the Communication section by being able to acquire the information and interpret it. Then present it In my SWAY. In critical thinking I showed that I can develop and design my own Descriptive paragraph and SWAY then analyze and critique it to make it better because trust me it was bad before I fixed it. Finally in the creative category I didn't improve I was just good already but, I showed that I was good at it by developing and generating the ideas in both projects.</p>
