Self-Reflection

Describe how the artifact you selected shows your strengths & growth in specific core competencies. The prompt questions on the left - or other self-assessment activities you may have done - may guide your reflection process.

Some ways that I use to communicate my learning in this infographic are showing my understanding through words about the poem and images describing the feeling and tone of the poem. My infographic ties in with the information about the poems I learned before in class. I learned this information when we went over poems and broke down the language to further our understanding on the material in class. When I need to get new ideas I look at other people's work and find out how they accomplished the overall feel of the work. Then I use this information to make my own work in my own way. When I find something I've never seen before it makes me want to get new ideas and try something new.

Publish Your Self Assessment
