RELATIONSHIPS WITH PARENTS

It has been said that adolescents can influence parenting style by their own behaviour. Write a minimum of 8-10 sentences in which you describe the parenting style in your home. Is there some aspect of that style that you wish were different? Suggest some changes in your own behaviour that might help to bring about those changes. Use the following to expand your ideas: Do your parents try to understand your side of a disagreement? Do you try to understand theirs? Do you ever resolve a difference with a compromise?
