

English 10

To Kill a Mockingbird

Journal Responses

During this unit, we will be discussing many different themes in this novel. While we are studying this novel, you will be writing several responses. The journal responses should be a minimum of one page. Your responses should follow the following criteria:

1. Select a quote that illustrates one of the major themes in the novel.
2. Once you have selected a quote, explain why this quote is important, what is the significance of this quote at this point in the novel, and what does this quote reveal about one of the themes in the novel.
3. You will write one journal from the following sections, Chapter 1-8, Chapter 9-16, Chapter 17-22, Chapter 22-27 and Chapter 28-31.
4. Closer to the end of this unit, you will have to hand in 3 out of the five journals that you have written during this unit.

Each journal will be marked on the 6 point scale. This is the same scale that was used early on in the semester for your journal responses.

Due Date:
