

In-Person Assessment Procedures

Red River College continues to operate by respecting social distancing guidelines and focusing on the safety of our community. To safeguard the health and safety of our RRC staff, students, and visitors, the following guidelines must be followed for in-person testing:

- **Prior to coming to the Notre Dame Campus, on the day of your test, you must complete Shared Health Manitoba's online [Covid-19 Screening Tool](#). If you answer yes to any of the questions, you will not be allowed to write in person that date. ****Your test will be rescheduled as soon as possible—we will not penalize anyone required to reschedule testing due to showing symptoms.******
- **Wearing a mask is mandatory while on campus.** For more information about mask use while visiting Red River College, please visit [RRC's Coronavirus Information FAQ page](#).
- When you arrive at the Assessment Centre (D2-02), please wait outside the room at one of the specified floor markers. These markers have been placed an appropriate distance apart to ensure social distancing recommendations are followed.
- Assessment Services staff will tell you when to enter the room, and will tell you where to sit, if necessary.
- Please ensure you stay 2 meters apart from others at all times.
- Hand sanitizer will be provided for use upon entering and leaving the Assessment Centre.
- Walk-up testing will not be permitted, so make sure to book your test and receive a confirmation email before arriving on campus. **Please make sure that you show up only on the day specified in your registration confirmation email.** If you show up for testing but are not on our list, you will not be allowed in the testing room and will be sent home.
- Assessment Services will ensure that gathering size limits are followed, and will ensure that the testing room and supplies are thoroughly cleaned between test sessions.

Thank you for your assistance in helping prioritize the health and safety of RRC students, staff, and visitors. We look forward to welcoming you to campus! Please feel free to contact us via email at assessment@rrc.ca with any questions or concerns.
