

Web Accessibility Support (Term)

Research Department, School of Health Sciences and Community Services

Applicants are to clearly demonstrate how they satisfy the selection criteria in their written submissions and must identify the competition number they are applying for in the subject line of the email.

An eligibility list may be created for similar casual, part-time, full-time, and term positions

DUTIES

The incumbent will assist with an evaluation and audit of accessibility issues in the digital assets of the Science of Early Child Development online resources (see: www.scienceofecd.com) and then begin the remediation work so assets comply with WCAG 2.1. Digital assets include webpages, PDFs, images, graphics, videos, and interactive elements. Other responsibilities include being involved in creating a manual with guidelines for future content development to guide the ongoing remediation work and to ensure that new digital assets will comply with these guidelines.

REQUIRED QUALIFICATIONS

- Experience with web technologies and ability to learn new platforms and applications
- Ability to be self-directed and take initiative
- Strong organizational skills
- Effective written and verbal communication skills, with a focus on technical and creative writing skills
- Ability to work independently and with team members
- Ability to document work processes
- Values Diversity, Equity, and Inclusion
- Commitment to lifelong learning

ASSETS

- Familiarity with WCAG 2.1, web design and development
- Experience with a content management system (CMS) is preferred.
- Some post-secondary studies with a focus in web development, digital communications, or a related discipline

CONDITIONS OF EMPLOYMENT

- Applicants must be legally entitled to work in Canada
- This position may be required to work evenings and/or weekends
