

# Instructor, Environmental Engineering Technology (Term)

## Civil Engineering Technology

Applicants are to clearly demonstrate how they satisfy the selection criteria in their written submissions and must identify the competition number they are applying for in the subject line of the email.

This competition may be used to establish a 12 month eligibility list of qualified candidates for future vacancies.

### DUTIES

Reporting to the Chair of Civil Engineering Technology, the incumbent Instructor will deliver courses in the Civil Engineering Technology family of programs. Duties will include: course preparation, delivery and student evaluation, the development and maintenance of course outlines, lesson plans, assignments, tests and examinations, and student records. The successful candidate will also participate in department and college committees, assist in department and college activities, and develop/modify curriculum to reflect current industry needs.

### REQUIRED QUALIFICATIONS

- A Degree or Diploma in Civil or Environmental Engineering
- Significant and relevant work experience
- Working knowledge of Environmental Management Systems
- Working knowledge of Environmental Site Assessments and Environmental Impact Assessments
- Knowledge of Federal and Provincial environmental legislation
- Working knowledge of Microsoft Office: Word, Excel, Powerpoint, Outlook and Project
- Effective verbal and written communications skills
- Effective interpersonal and conflict resolution skills
- Values Diversity, Equity, and Inclusion
- Commitment to lifelong learning

### ASSETS

- Work experience with development or maintenance of Environmental Management Systems
- Work experience with conducting or evaluating Environmental Site or Environmental Impact Assessments
- Teaching experience in a post-secondary environment

### CONDITIONS OF EMPLOYMENT

- Applicants must be legally entitled to work in Canada
- This position may be required to work evenings and/or weekends
