Instructor, Aircraft Maintenance Engineer

Stevenson Aviation and Aerospace, Southport

Applicants are to clearly demonstrate how they satisfy the selection criteria in their written submissions and must identify the competition number they are applying for in the subject line of the email.

An eligibility list may be created for similar casual, part-time, full-time, and term positions

DUTIES

Reporting to the Chair of Aviation and Aerospace, the successful candidate will be a member of the Instructional team responsible for the delivery of our nationally approved Aircraft Maintenance Engineer program and other related training. The successful candidate will be responsible for the design, delivery, and evaluation of classroom and shop training for RRC Aviation programs and courses. Other duties can include providing training and college representation off campus as well as participation at symposiums and trade shows. Instructors in this role are also responsible for regular entries in associated training records within a Transport Canada approved training environment.

REQUIRED QUALIFICATIONS

- Valid AME License (minimum 5 years) and/or equivalent DND, CCAA, or relevant industry training and experience
- Extensive industry experience including working on a variety of aircraft
- Experience in various types of aircraft piston engines including troubleshooting and repair
- Experience with a variety of Rotary Wing and/or Fixed Wing aircraft
- Supervisory experience in an Approved Maintenance Organization
- Effective interpersonal skills
- Effective oral and written communication skills
- Effective leadership skills
- Effective presentation skills
- Ability to work independently and within a collaborative team environment
- Proficient in Microsoft Office Suite (Word, Excel, PowerPoint, Outlook)
- Values Diversity, Equity, and Inclusion
- Commitment to lifelong learning

ASSETS

- Teaching experience in a post-secondary environment
- Experience with online instruction and learning
- Ability to work remotely
