

The background features a large, faint watermark of the Red River College logo, which is a stylized tree with a circular canopy. The logo is rendered in a light gray color. In the top-left and bottom-right corners, there are decorative geometric shapes consisting of overlapping triangles in shades of red, purple, and yellow.

RED RIVER COLLEGE

Fall 2020 Convocation

Tuesday, November 17, 2020

1pm

PRESIDENT'S MESSAGE

Dear Graduate,

On behalf of Red River College, it is my honour to congratulate you on your graduation - a milestone achievement that marks the beginning of your successful future as you enter Manitoba's workforce.

When you think back to the first day you walked on campus, it probably feels like a lifetime ago. Many of you may have felt nerves and excitement as you thought about the journey ahead.

Well, the day is here - you did it. Today, we are proud to celebrate over 900 graduates from every one of our schools and campuses across Manitoba for our first-ever Fall Virtual Convocation.

This has truly been a year like no other. It has forced us to learn differently, and while it has challenged us, it has also made us stronger and more resilient. It has pushed us to work harder, to be innovative, to try new things, and to embrace change, in a way we have never had to embrace it before.

While this is a moment to celebrate, it's also important to remember the hard work and determination that it took to get here. This commitment to your learning has helped lay a strong foundation that you will continue to build on as you begin your career.

All of us at the College recognize that you have achieved a lot to get here today, and we thank you for putting your trust in us to deliver new ways of learning, and for sticking with us as you reached this milestone.

Today, you leave the College with the skills and training that industry needs now, as we work to rebuild our economy. This is an exciting time to begin your career and build on the momentum that Manitoba needs to move forward

There is no doubt that the workforce you are entering is different today than it was eight months ago. The world has evolved to a new way of working, and at a time where digital literacy is more important than ever, you are ready.

You now join the ranks of thousands of alumni in our community who are achieving great things, and I know you will too.

Congratulations,

Fred Meier
President and CEO

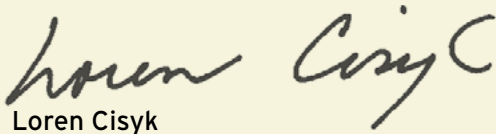

RRC BOARD OF GOVERNORS

Dear Graduates:

On behalf of the Board of Governors of Red River College, I want to congratulate all of you on the remarkable accomplishment you have made today by completing your studies and taking the next step toward a bright and rewarding future.

Each year, we see our graduates move on to become leaders in their fields and in our communities, and I am confident that your talent and determination will push you to make a positive impact, wherever your career may take you.

We are proud to welcome you as Red River College's newest alumni, and I know that your continued success will only serve to strengthen the College's reputation as a leader in the realm of higher education in Manitoba.

Loren Cisyk

HONOUR SONG

For centuries, Indigenous people have believed the drum and the human heart share a similar purpose: to provide life through its beat. This connection promotes oneness, love and respect for all living things.

The honour song brings voice and calls spirit to celebrate the relationships between all life. Usually sung to honour a particular person, they can also be sung for groups or at sacred gatherings such as sundances, sweat lodges and ceremonies.

When an honour song is sung at a gathering, it is considered respectful to stand and remove your hat.

Mae Louise Campbell

Indigenous Social Enterprise with a focus on Community Development and Social Innovation

Red River College awards an Honorary Degree or Diploma to an individual who demonstrates high standards of excellence in their personal and professional achievements, and whose involvement in the community is widely recognized.

Elder Mae Louise Campbell is a healer, teacher, grandmother and advocate who has made it her life's work to support and strengthen Indigenous women – both individually and collectively.

In 2005, Red River College was honoured to have Elder Mae Louise join the College family and community as our Elder in Residence. During her 14 years with the College, she received requests from 110 academic program areas to conduct and lead countless workshops, ceremonies and teachings. Each time she spoke, she would tell stories that underscored the importance of harmony, resilience and a respectfully shared existence.

Her knowledge and experience are embraced by many across the College, but so too are her life lessons and unique ability to teach about Indigenous ways, create dialogue outside of textbooks, and help open people's minds to the truth while working together to help our next seven generations.

Elder Mae Louise has been an instrumental figure supporting many initiatives and committees, both nationally and across Manitoba, including: Grandmother Moon Lodge, Clan Mothers Healing Village, the Mayor's Indigenous Advisory Circle, the Grandmothers Council of Manitoba (Wisdom Keeper), and the First Nations Advisory Committee to Canada's Prenatal Nutritional Program. She has also been an Elder advisor for the Canadian Women's Foundation on matters concerning the sexual exploitation and human trafficking of women and girls, and most recently was the recipient of the 2016 Indspire Award in the category of Culture, Heritage and Spirituality.

Currently she is Elder and co-founder of the Clan Mothers Healing Village and Knowledge Centre – an innovative, sustainable and holistic model of healing, education and training, supporting Indigenous women and girls who have been victims of sexual exploitation and sex trafficking.

Without exception, the College, community and province have benefited deeply from Elder Mae Louise's hard work and determination to increase the spirit of all nations to work together in celebration of Indigenous people, heritage, culture and being.

Elder Mae Louise Campbell is a social activist whose life has been dedicated to helping others as an advocate and developer of community. Although the opportunity of formal education was not in the cards for her, she has worked and supported many within our community on their personal education journeys, and for these, and so many other reasons, Red River College is proud to award Elder Mae Louise Campbell this Honorary Diploma in Indigenous Social Enterprise with a focus on Community Development and Social Innovation.

MEDALS

RED RIVER COLLEGE GOLD MEDALS

Red River College Gold Medals recognize graduates in diploma and degree programs who attain the highest cumulative program grade point average at or above 3.80. Each program selects and awards one gold medal for each academic year. The gold medalist may complete their program and convocate in either the fall, winter or spring convocation ceremony.
