Virtual Employer Event

Realcare invites all healthcare students and alumni to a virtual recruitment and information session!

For over 25 years Realcare has been offering Homecare from the Heart, specializing in senior care from a Patient-Focused Model.

Join this session to learn more about the elder-care health sector, and the difference between working with a Regional Health Authority (RHA) and Private Healthcare Delivery organizations. Employment and career opportunities will also be highlighted along with what sets Realcare apart from the rest of the healthcare sector.

Thursday, December 3, 2020
